Verde River Grant RFP

The work of Friends of the Verde River is rooted in the belief that our communities and our rivers need each other. We value integrity, collaboration, sustainability, and innovation. Friends is committed to the principles of truth, honesty, and respect, including respect for the diverse communities in the Verde watershed and those who love this region.

Friends of the Verde River invites proposals for small grants ($5,000 maximum) to build community resilience through the preservation, enhancement, and promotion of the Verde River and its tributaries.

The biodiversity and cultural diversity that is a signature of the Verde Watershed are intertwined and integral to the work completed by the river community. With a commitment to community collaboration, Friends of the Verde River will prioritize projects that empower and lift up members of our community whose voices have historically been suppressed or dismissed.

Funding decisions will prioritize projects that:

• Aim to benefit and include underserved communities within the Verde watershed
• Provide sustainable and river friendly outdoor recreation opportunities
• Restore and preserve aquatic and wildlife habitats
• Restore and preserve river and stream water quality and quantity
• Provide outdoor education opportunities that enhance understanding and appreciation of the Verde River and its tributaries

Eligible Applicants:

• In addition to nonprofits designated under section 501(c)(3), we will also entertain applications from nonprofits designated under sections 501(c)(4), (5), (6), (7), and (8), with the exception that no group organized for political purposes will be eligible.
• Governmental organizations (municipalities, counties, tribal governments, public land managers, conservation districts, public agencies).

This RFP is for one-time, short-term (one year, maximum) projects. Grant requests are limited to a maximum of $5,000. If you have received a Verde River grant through Friends of the Verde River (or One for the Verde) in the past, you are eligible to apply again once Friends of the Verde River has
received your report on your most recent grant. (See the reporting schedule for more details.)

The Grant Review Process:

A selection committee comprising local business representatives and Friends of the Verde River representatives will meet to select and prioritize worthy projects. In this grant cycle, we will award up to $10,000 total. Project schedule should not exceed two years. Priority is given to projects that can be completed in one calendar year from the date of award distribution.

Funding Cycle:

- Proposals due October 1, 2020, 5:00 pm – Email completed applications to grants@verderiver.org
- Grant awards announced mid-November 2020
- Awards distributed early January 2021

Project Report Required of Past Grant Recipients

All grant recipients must submit a short report (no more than 2,000 words) outlining accomplishments and detailing measures of success before any subsequent grant may be awarded. Your report must contain all of the following information:

- Name of Organization
- Name of Proposal
- Year
- Amount awarded
- Project lead (name, title, email, phone)

The body of the report should describe all of the following:

How the project benefited the Verde watershed and the local economy; key activities and successes, with dates, if applicable; how the project was completed relative to measures of success identified in the grant application; any lessons learned, and what went particularly well.

In addition, provide a project financial report that illustrates how the funds received were spent compared to the project budget; include total funding received and spent from other sources for this project along with the funding received from Friends of the Verde River.

Please attach three to four photos, maps, or other illustrations, which Friends may publish in a report of the grant program, that illustrate the project.

Reporting:

Interim reports are due by the end of June in the calendar year of the award distribution. Final reports are due one year from the date of grant award distribution. If the proposed project has not been completed within the granting year, or will continue beyond the one-year date, additional interim reports are due at six-month intervals. Projects where funds awarded have not been used towards the awarded project within two years from award distribution will be considered in default and the awarded organization will not qualify for future grant funding.
